**Step-by-Step Personal Credit Guide**

**This guide is designed to help you build your Personal Credit Profiles and secure funding. It outlines the necessary actions and instructions for each step of the process during the 90-day program.**

**Each month, you will complete specific tasks to prepare your profiles for funding. Once all steps are completed, your profiles will move into the funding phase, which typically takes 1–2 weeks.**

**After securing funding, you'll be ready to purchase your eCommerce store. Congratulations on successfully preparing your Personal Credit Profiles and automating your financial and credit systems!**
